

Engaging "Child Passions" Discussion Questions

Read Chapters 4 and 7 in [Coyote's Guide to Connecting with Nature](#) by Jon Young

Close your eyes and **reflect** on your childhood and think back to your child's passions. Jot down your first images or words that you see.

What do you remember loving to do as a child?

What were your favorite games to play?

What did you do for fun with your friends?

What were your favorite toys?

What captured your curiosity?

What stories and songs made up your world?

Who were your favorite grownup playdates?

Now think of yourself today.

What Child Passions do you still enjoy?

Which Child Passions do the children in your life enjoy?
