

Leadership and Climate Change Discussion Questions

1. Read: Chapter 7 This Changes Everything by Naomi Klein
2. Free Write: 2-3 paragraphs reflecting on “Why lead?”

*You can do this journaling before or after reading-your choice.

If you're stuck, to help guide your free write, think, “what drives/motivates one to lead?” “what are the greater problems/issues that a leader is working to address?” “why do I feel drawn to the topic of leadership?” “why do I want to share a message or movement with others?”
